PARTNER ADVISORY COUNCIL ELECTIONS

The Partner Advisory Council (PAC) – a group of elected Ordnance Survey partners representing the views, ideas and opinions of the partner community to OS in a fair and balanced way. They're also there to keep communication flowing effectively between OS and the entire partner community.

We're looking for:

- Three elected Partner representatives from large enterprises;
- Three elected Partner representatives from medium enterprises;
- Three elected Partner representatives from small enterprises;
- One elected Partner representative from a System Integrator or Developer organisation;
- One elected Geovation Member representative.

PARTNER REPRESENTATIVES FROM SMALL ENTERPRISES

- There are 13 candidates for this position.
- There are 3 positions available in this category.
- You can choose up to 3 candidates to vote for in this category.
